

# Do You Have The Right Type Of Auto Insurance?

Auto insurance coverage options should be thoughtfully chosen for proper protection from financial losses:

## 1 Collision Insurance

A collision coverage pays towards repair costs if your vehicle is hit & damaged by another vehicle or object.

## 2 Property Damage

This coverage option covers the cost of damage caused by your vehicle to other person's property in case of an accident.

## 3 Bodily Injury Liability

It provides you compensation for medical bills when other person or passenger gets injured in an accident caused by you.

## 4 Comprehensive Coverage

This coverage option protects against financial losses caused by events other than accidents. These events include theft, fire, weather damage, etc.

## 5 Medical Payments

Buying this insurance plan will cover the medical expenses associated with auto accidents, irrespective of who is at fault.
