

# Need Of Insurance Coverage

Buying an insurance coverage will help you to manage financial risk in case of a potential loss.

Having a basic insurance coverage for your home and vehicle is required by the state law.

Insurance coverage allows for transfer of financial risks and provides a safety net for new opportunities.

Insurance plans are needed in circumstances where you may be liable to pay for medical costs or other third party damages.

Insurance helps you to cover the legal costs in case a law suit is filed against you for a covered event.

The insurance plan acts as a cushion in case of sudden expenses caused by accidents, fire, theft, floods, etc.
